INDEPENDENT AUDITORS' REPORT

To the Members of
Toro Trading, LLC

We have audited the accompanying statement of financial condition of Toro Trading, LLC as of December 31, 2008. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Toro Trading, LLC as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

TORO TRADING, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

NOTE 1- ORGANIZATION AND NATURE OF BUSINESS

Toro Trading LLC, a New York limited liability company (the "Company"), formed in 2001, is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Chicago Board Options Exchange ("CBOE"), Philadelphia Stock Exchange ("PHLX") and NYSE-ARCA ("ARCA").

The Company is engaged in securities trading.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Securities transactions and related income and expenses are recorded daily on a mark to market basis.

Recent Accounting Pronouncements

The Company does not expect the adoption of recent accounting pronouncements to have any material impact on its financial condition or results of operations

TORO TRADING, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Comprehensive Income

The Company adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS No. 130). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since no elements of the Company's comprehensive income exist other than the gain from operations.

Fair Value Measurements

The Company adopted Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("SFAS 157"), effective January 1, 2008. The provisions of SFAS 157 are to be applied prospectively.

SFAS 157 clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). Under SFAS 157, fair value measurements are not adjusted for transaction cost. SFAS 157 provides for use of a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value into three levels:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.
- Level 3: Unobservable inputs. Unobservable inputs reflect the assumptions that the Company develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. The Company uses judgment in determining fair value of assets and liabilities and Level 3 assets and liabilities involve greater judgment than Level 1 and Level 2 assets or liabilities.

TORO TRADING, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

NOTE 3- FAIR VALUE OF INVESTMENTS

The following are the Company's investments owned and securities sold short by level within the fair value hierarchy at December 31, 2008.

<u>Assets</u>	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>
Stocks and options	\$ <u>99,440,776</u>	Level 1
<u>Liabilities</u>		
Stocks and options	\$ <u>83,631,124</u>	Level 1

NOTE 4- INCOME TAXES

No provisions for federal and state income taxes are made in the financial statements as these taxes are the responsibility of the members under this form of organization.

NOTE 5- PAYABLE TO BROKER-DEALERS AND CLEARING ORGANIZATIONS

Amounts payable to the Company's clearing organization at December 31, 2008, consist of the following:

Payable to clearing broker	<u>Payable</u> \$ <u>8,106,976</u>
----------------------------	---------------------------------------

NOTE 6- COMMITMENTS AND CONTINGENCIES

The Company utilizes office space provided by its managing member.

NOTE 7- NET CAPITAL REQUIREMENTS

The Company is a member of the Chicago Board Options Exchange and is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires that the ratio of aggregate indebtedness to net capital may not exceed 15 to 1, during the first twelve (12) months of commencing operations the ratio may not exceed 8 to 1, and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2008, the Company's net capital was \$8,927,254 which was \$8,827,254 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital ratio was 0.0143 to 1.

TORO TRADING, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

NOTE 8- OFF BALANCE SHEET RISK

Pursuant to a JBO Participant's Account Agreement, the Company will give up its clearing member to the clearing corporation for all of its securities transactions. Therefore, all of the customers' money balances and long and short security positions will be maintained on the books of the clearing member in a JBO participant's account. Under certain conditions as defined in the agreement, the Company has agreed to indemnify the clearing member for losses, if any, which the clearing member may sustain from maintaining securities transactions effected by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing member monitor collateral on the securities transactions introduced by the Company.

NOTE 9- GUARANTEES

FASB Interpretation No. 45 (FIN 45), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires the Company to disclose information about its obligations under certain guarantee arrangements. FIN 45 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying contract (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. FIN 45 also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under the indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

TORO TRADING, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

NOTE 9- GUARANTEES (continued)

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.
